**Ultra-Lift®**  
**Anti-Wrinkle Firming Night Cream**

**Problem:**  
Over time, skin's natural overnight repair process begins to slow down. A loss of firmness, more visible fine lines and wrinkles, and an overall loss of healthy glow occur. Retinols are known to be effective at treating multiple signs of aging, but some can be harsh on skin.

**Solution:**  
Ultra-Lift Anti-Wrinkle Firming Night Cream, with double the level of **Pro-Retinol from Nature**, deeply hydrates skin and fights the complete signs of aging overnight. Over time, it effectively reduces wrinkles, helps to firm and enhances skin's natural radiance while you sleep.

**Results:**  
**Upon Waking:** Skin feels deeply hydrated for 24 hours and looks luminous.  
**In 5 Nights:** Firmness is improved, skin looks and feels lifted and smoother.  
**In 2 Weeks:** Lines and wrinkles are reduced and a more youthful look is restored.

**Directions:**  
Every night apply before bed, to a clean face and neck. This rich, yet lightweight moisturizer is immediately absorbed without leaving a greasy or sticky feel.

**2X PRO-RETINOL® REVOLUTION**

Retinol is known to be effective at treating multiple signs of aging, but some Retinols can be harsh on skin's surface. **Pro-Retinol from Nature** boosts natural cell renewal while actually protecting skin's surface moisture barrier, to help prevent dryness. With double the level of **Pro-Retinol**, Ultra-Lift delivers fast and complete results. Developed through the process of green chemistry, **Pro-Retinol from Nature** is a blend of naturally derived Omega from the safflower with Pro-Retinol.
